Book Title: Empress of the World

Author: Sara Ryan

Name: Isis Kayiga

Rating: 4

I can only say wonderful things about this book. It is a story about a girl named Nicola (her friends call her Nic) finding out things about herself. The main thing she learns is about her sexuality. At first she is uncomfortable. People teased her and called her names but then she finds someone. Someone she can confide in; someone she could trust in her uncertain times.

This was truly an amazing book for me. Read it and you will experience how Sara Ryan leaves an important lesson in your heart.
